A SCOOTER FOR YOUR STYLE

With three colors, the Gova G3 gives you the freedom to choose the scooter for your style. Our Gova G3 takes the world-class design of the Gova G3 and updated it for two riders. The intelligent LCD dashboard and easy-to-use controls make the Gova G3 ideal for your everyday urban commute.

Urban Speed. Extended Range.

Gova 03 has two riding modes. Equipped with an 100%power lithium battery, the Gova 03 gives you a range of up to 90km. Suitable for city commute and navigating through the bustling streets, the Gova 03 makes electric riding fresh and fun.

The New Way Forward

Comfortable riding on all kinds of tricky road surfaces with 11" diameter tyres and ergonomic design for two. The all-electric GOVA 03 brings you an emission-free, quiet, and pleasant riding experience. Every kilometre you ride is taking the environment and the future into consideration.

A SCOOTER YOU CAN COUNT ON

The FOC vector controller and BOSCH motor give you instant acceleration. Front and rear disc brakes provide a safe riding experience throughout your journey.

Intelligent Braking That Keeps You Safe & Riding For Longer.

Our Electronic Braking System (EBS) provides regenerative power that intelligently puts the power back into the system when braking. Our standard front and rear disc brakes provide an additional layer of riding safety

Better For You. Great For The Earth.

Gova 03 is equipped with world class technology that converts kinetic energy as charge for your battery. The EBS along with upgraded cloud ECU makes your vehicle smarter and more efficient.
